1. On Thursday, I went to Katherine hospital for an operation on my ears.

2. When I got there in the afternoon, the sister told me to go and have a shower and change into pyjamas.

3. Then the sister gave me some supper. After supper, the doctor came and looked in my ears with a little torch.

4. On Friday morning, the sister didn’t give me any breakfast. I was so hungry, I nearly cried.

5. After that, the sister came and told me to lie on the bed. Then the sister gave me a needle in my arm.

6. I went to sleep and maybe then the sister took me to the operating theatre.

7. Then the doctor operated on my ears while I was asleep.

8. Afterwards I saw Sister Bonnie and she gave me a biscuit and vegemite sandwich. Then Sister Bonnie and I came back to Barunga.
